Choice Poetry.

NEW MUSIC—THE BONDHOLDER.

To the authoress, a sister of the late Stephen C. Foster, we are indebted for an advance copy of the song entitled "The Bondholder." The music is excellent, and will no doubt become popular with the sons and daughters of plowholders. The words, which we copy below, give a good idea of how the poor are robbed in order that the rich may be paid in gold. It is a song for the times, and we commend it to Democratic Glee Clubs, Messrs S. Crainard & Sons of Cleveland are the publishers.

THE BONDHOLDER.

Oh, the Bondholder rests in a cushioned chair,
As he sits at his table to dine;
While before him is spread out the daintiest fare
And the choicest of foreign wine,
Then he thinks of the wealth that he made by the war.
For his heart has grown selfish and cold,
And he laughs, and he quaffs, and smokes his cigar,
As he counts up his interest in gold.
Oh, a rollicking fellow is he, is he,
And this life passes smoothly away,
And what careth he for you or me,
While he has no taxes to pay.

CHORUS—
Then a rollicking time will have we, have we,
And our days will pass smoothly away,
When our country we see in prosperity,
And we have no taxes to pay.

And the Bondholder's wife in her coach and four,
Knows nothing of labor and care,
As she drives by the suffering tax-payers' door.
Not heeding the misery there,
The brave, crippled soldiers she sees not now,
Nor his children so hungry and cold;
While the laboring man by the sweat of his brow
But pays up his interest in gold.
Oh, a light merry life has she, has she.
This Bondholder's wife so gay,
And what careth she for you or me,
While they have no taxes to pay.
Then a rollicking time, &c.

Then working men all put your hand to the wheel,
And let us no longer delay.
For I tell you we're only beginning to feel
The taxes we'll soon have to pay.
Oh! come crippled soldier, come rally again,
Till a Union restored we behold,
For our sons have been slain, and your blood shed in vain,
Till we wipe out this interest in gold.
Then a rollicking time, &c.
Then comrades arouse, for the people no more
Intend to be purchased or sold,
And one kind of money, for rich and for poor,
We'll have, be that paper or gold,
Hurrah boys, hurrah for the burdens so light,
In the sweet, merry days of old,
When, on Saturday night, by his fireside bright,
The poor counts his wages in gold,
Then a rollicking time, &c.

Miscellaneous.

What Governor Curtin Thought of Governor Seymour in 1863.

As the Radicals have been laboring so industriously to prove that Governor Seymour is not a loyal man, and that during the war he arrayed himself in opposition to the cause of the Union, we present the following incident for their special consideration at this time.

When Lee was thundering at the door of the capital of Pennsylvania, and fear and trepidation possessed the souls of the men who are now reviling and slandering Governor Seymour, Andrew G. Curtin, then Governor of Pennsylvania, visited Camp Curtin, Harrisburg. This visit was occasioned by the disinclination of the Pennsylvania volunteers to enlist, except for the expulsion of Lee from Pennsylvania. Governor Curtin, in company with another gentleman, rode into camp in an open barouche, to see the officers, and was stopped on his way by the soldiers and called on for a speech. Rising in his carriage, he spoke substantially as follows:

FELLOW-CITIZENS OF THE VOLUNTEERS OF PENNSYLVANIA: I came here to-day to see your officers, who ought to be here to make their complaints in form. I have a right to expect the confidence of the volunteers of Pennsylvania, for I have never broken faith with them. I assure you, you will be retained just long enough to repel the present invasion—so long—no longer, be it sixty days, or thirty, or ten. But we cannot draw your pay unless you conform to the regulations of the army, and enter your names in regular form.

Then turning in his carriage and pointing to the white tents of the New York troops on the hill across the river, he exclaimed:

Look at the crowning of yonder hill! There are the troops of our sister New York, defending our frontier, where you ought now to be, instead of wrangling here about *how* you will enlist. Great God! What are you doing? *Thirteen regiments from New York already on the ground, and in front, while not a regiment in Pennsylvania is yet ready!*

Soon after Governor Curtin appeared on the hill on the opposite side of the river, rode inside the fort, into the midst of the New York troops, who poured out from their tents, and loudly called on the Governor for a speech. Again rising in his carriage, with his hat in his hand, he spoke as follows:

SOLDIERS OF NEW YORK: Pennsylvania had a right to expect that her sister New York would come to her aid, but she did not have the right to expect that New York troops would be here on our soil, occupying the front of her defense, before her own troops were on the ground. From the bottom of my heart, I thank you for this generous alacrity. *Bear my personal thanks, as well as the thanks of Pennsylvania, to your patriotic Governor for the promptness with which, through your presence, he has replied to our need.* On some future occasion, I will in some more appropriate and formal manner, make known to him my grateful appreciation of his prompt action in hurrying forward to our aid this noble band of soldierly men! Again I thank you!

And with a graceful bow and wave of his hat, the Governor resumed his seat in the carriage.

FRIGHTFUL EXPENDITURES!—The expenditures of the Government during the month of July were

$46,549,000,

and the total expenditure for the month of August, as just reported by the Secretary of the Treasury, was

$37,730,000!

This indicates an average expenditure per month of $42,139,500, or

$505,704,000

per year! Taxpayers are you ready for peace?

* * *

WATCH THE MOVEMENTS OF THE ENEMY.—Our friends will do well to keep an eye on the secret oath bound Loyal Leagues, established thoughout the Country; these associations are intended to decoy the unwary into the support of negro equality, and negro rule. Watch them, Democrats, never was there greater occasion for watchfulness and zeal.

Make Them Tell You.

WHEN a Radical asks you to vote for Grant and Colfax, make him tell you how much benefit you or the country will derive from such a course. MAKE HIM TELL YOU why it is that in time of peace, the party he asks you to support keeps a standing army that costs the tax-payers of the county *one hundred and fifty millions of dollars a year.*

MAKE HIM TELL YOU what has become of the millions upon millions of dollars that have been paid into the public Treasury since the introduction of his party into power--that there is no account of now.

MAKE HIM TELL YOU why it is that with all the taxes and tariffs that are wrung from the people annually, the public debt is still increasing at the rate *of ten million of dollars per month.*

MAKE HIM TELL YOU why his party makes negro voters in all the States, of the South, and then denies being in favor of negro suffrage here in the North.

MAKE HIM TELL YOU what justice there is in the Radical doctrine of taxation—which exempts the rich from all taxes and places them upon the shoulders of the poor.

MAKE HIM TELL YOU how it is that three years after the war has ceased the Union for which we were told it was waged, is further from being restored than it was at the beginning.

MAKE HIM TELL YOU why the bloated bondholder, who robbed the government and invested the money he stole in tax-exempted bonds, should receive gold for his interest, while you are compelled to take greenbacks for your work.

MAKE HIM TELL YOU why the laboring men of the North should toil and sweat, day after day, to feed a lot of negroes and fatten a pack of lousy Bureau officers, who yearly take from the public treasury over FORTY *millions of dollars.*

MAKE HIM TELL YOU what good will arise from voting for Grant, how much it will lessen your taxes—lower the prices of the necessaries of life, and how soon it will restore the Union, and make our Government a government of white men, established by white men, for the benefit of white men.—*Northumberland County Democrat.*

Grant's "White Washing Report."

WHAT is known as Grant's "whitewashing report" has been pretty freely exhibited to the public—by the Jacobins at the time it was made, and more recently by the Democratic press. Nevertheless, in connection with this article, we must not omit a portion of it—for it is well to keep the record of the "available" constantly before the public, lest some Democrat should forget his Democratic record and vote for Seymour. In that report Grant says:

"Both in traveling and while stopping I saw and conversed freely with the citizens of those States. * * * * I am satisfied that the mass of thinking men of the South accept the present situation of affairs *in good faith.* My observation led me to the conclusion that the citizens of the Southern States *anxious to return to self-government within the Union* as soon as possible; that while reconstructing, they want and require protection from the government; that they are in earnest in wishing to do what they think is required by the government, not humiliating to them as citizens; and that, if such a course were pointed out, *they would pursue them in good faith.* It is to be regretted that there cannot be a greater comingling at this time between the citizens of the two sections, and particularly those *instructed with the law-making power.*

Give The People Facts.

THE time for argument has gone by, so far as the press is concerned. Whatever of argument is yet to be used, let the stumpers do it. The time is short, and the press can only give facts.

The Radicals tell us that the public debt has been decreased.

Let us see. On the 1st of September,

1867, it was	$2,492,783,365
On the 1st Sept., 1868,	2,535,614,313
	$42,830,948

Now if there is any truth in figures that shows an increase of the debt, in one year, of forty-two millions eight hundred and thirty thousand nine hundred and forty-eight dollars, or more than three millions and a half per month.

The increase in the last year is more than a dollar per head for every man, woman and child in the country.

So much for Radical veracity.

GRANT AND MCCLELLAN—THE COMPARATIVE LOSSES IN THEIR CAMPAIGNS.—Speaking of the comparative losses in the campaigns of McClellan and Grant, the Army and Navy Journal of August 29 says:

"We hold it to be quite evident that our total losses in killed and wounded from the Rapidan to the Appomattox were, at least, double those suffered by General Lee. We hold it to be no less evident that the total of our losses from May, 1864, up to Lee's surrender in April, 1865, was about double that of the enemy. On the other hand, it is tolerably certain that McClellan's losses in his famous Chickahominy campaign were less than those he inflicted. Taking Antietam and his other battles into the account, our belief is that McClellan's entire loss, in killed, wounded, and prisoners, was less than that suffered by his opponents at his hands."

The Army and Navy Journal is not a partisan paper, and its statements are taken as authority in all army and navy matters.

JUST seven minutes before Congress took its last "recess" a carpet-bag Congressman from one of the Southern States was sworn in. For his valuable services he received from the people's money his year's salary, $5,000, mileage and from his home to Washington. What a magnificent commentary upon Radical reconstruction.

A Talk With The Workingman.

YOU are paid for your day of hard and unremitting toil—for the wear and tear of your bones and sinews—in legal tenders. That money is thought good enough for you, and why should it not be good enough for the bondholders, who toils not, who is arrayed in fine linen, and lives upon the fat of the land? If it is good enough for him, ought you to vote for the party which tells that he must have better money than you receive—that he must have the solid gold? You are oppressed with exorbitant taxation in every variety of form. The rent of the dwellings in which you live is far too high. You are taxed two or three prices for everything you buy in the shape of clothing and provisions. Why is this? A portion of your money does not go to your landlords, or your grocer or your butcher, or your tailors, they only receive it and then pass it to the tax-gatherer. $141,000,000, Senator Sherman admits, was paid on the bonded debt last year. It is proposed to pay this interest, or two-thirds of this interest, for forty years, which would be $4,000,000,000; and then we must pay the principal of the debt, $2,500,000,000 more—pay it too in hard coin! Have you thought how much of your sweat and blood would have to go toward paying this enormous debt—of how many comforts yourself and your family will have to be deprived, in that long interval of time, on its account—unless we pay the debt or a portion of it, off in legal tenders, and thus save this exorbitant interest? Will you vote for Grant, and thus vote to establish this dreadfull incubus upon yourself and your posterity? Remember that this $4,000,000 in four years, is in addition to all the other taxes for the support of the government, and that they will be at least $6,000,000,000 more in that interval. Do you think that we can stand that burden of taxation? Do you think the $2,500,000 which is now in bonds that are not taxed—which capital in its present shape affords no man employment—ought to be permanently locked up? Or do you want it paid and the now idle capital used in building houses and steamboats, carrying on internal improvements, and giving employment to millions of laborers? If you want this change you cannot get it by voting for a ticket which believes that the bonds should go unpaid for generations to come.—*Cincinnati Inqr.*

A Serious Charge--Will Grant Answer?

THE Evening *Herald* Says:

Mrs. A. C. Brewer, formerly Miss Cox, Holly Springs, Miss., charges Gen and Mrs. Grant with carrying off the silver plate from the house of her father, which they occupied at Holley Springs. Among valuable heir-looms that were carried off in the Grant baggage, was a handsome card waiter of salver, with the name of General Moultrie engraved in the centre, also a very massive silver waiter handsomely carved, made in England before the Revolution, with the name of lady Mary Annesly, 1779, engraved in the centre. "This waiter," she says had been in her father's family for a long period, and will be readily recognized in the Grant mansion at Washington. That and several other articles of stolen valuables that come from the South may be recognized here." A nephew of Gen Grant also at the same time carried off an antique quilt made by the grandmother of Mrs. Cox. This is a bold and open charge, made by one who claims to speak by authority, and it behooves the friends of the *greatest General of ancient or modern times* to prove its falsity. Will "Fawnkee" explain?

The above charge is a grave one to Make against any one, and particularly so when the person accused is a candidate for President of the United States. It does not beat round the bush, but gives names of places, persons and articles. Is General Grant guilty? Let him speak out, or the people will suspect there is some truth in the charge. It would never do to take the Brewer plate into the White House.

The October Election.

THERE is no such thing as over estimating the importance of carrying the October election. There should not be, in our vocabulary, such a word as fail. We must elect our candidate for Auditor General, CHARLES E. BOYEL; we must elect our candidate for Surveyor General, WELLINGTON H. ENT; we must elect a majority of the members of Congress, and a majority of the Legislature. These things we can do, if we act vigorously, and get out the Democratic vote; and, as we *can* do them, we *must* do them. There is now but a short working period between this and the election. Work bravely—work constantly—work all the time, and we shall do all we propose, achieve a glorious State victory over the Radicals, and ensure the election of Seymour and Blair in November.

Such a glorious result as this, fellow Democrats it is worth working for, and shame on him who flinches from duty, now the pinch has come.—*Patriot.*

* * *

RADICAL leaders of Philadelphia, are promising pardons from Gov. Geary, to all who may be arrested for fraudulent voting, or ballot box stuffing, in aid of the Radical party.

Our friends must therefore keep an eye on the ballot box, for we have an unscrupulous, and lawless party to contend against. How long will respectable citizens give support and countenance, to a party that does not regard law or moral principles?

* * *

THADDEUS STEVENS, the father of the oppressive reconstruction measures of the Radical party, was the only member of it who had the frankness and honesty to avow that they were unconstitutional, and that Congress, in adopting them, was acting "outside the Constitution." Now that the Great Commoner is silent in the grave, the Radical leaders are trying to pursuade the people that all their legislation was entirely constitutional and legal.

How We Are Swindled.

A national banker buys one hundred thousand dollars of Bonds and receives ninety thousand in greenbacks. His real outlay is therefore only ten thousand dollars. On this he gets from the government, on the bonds, six thousand in gold, equal to eight thousand in greenbacks, and besides makes ten per cent. At least on the greenbacks issued to him for the bonds, making the comfortable sum of $17,000, and yet the people, under this absurd system, expect some day to pay about three thousand millions of the public debt. The bankers may be able to discharge this debt by this system of augmenting it, but the people, never. The only real outlay to which a national banker is subjected is the difference between the amount of United States bonds he deposits and the amount of greenbacks issued to him. Suppose he continued this process, and when he has $90,000 of greenbacks, he again buys bonds and again draws greenbacks, $80,000 from the treasury. Again he repeats the process and draws $70,000 and then $60,000, and then $50,000. Sums greater, but approximating these in greenbacks, would be furnished until he would receive interest on quite half a million of dollars from the government, and his only real outlay would be the original ten thousand dollars. If the Union Were richer than Crœsus and Rothschilds and all the kings and emperors of the world, this process would speedily bankrupt it. The people under this wonderful banking system, disguise it as we may, pay one hundred per cent. for the use of private bankers' capital.

Tax-Payers Look at This!

IT is time now to assail the ears of the people with plain facts; to din into them truths in figures; to show them in the fewest words what is the financial condition of the country, and how certainly bankruptcy and ruin await us without a change of rulers.

Look for a moment at these figures, compiled from official reports:

PUBLIC DEBT.

May 1, 1868,	$2,500,528,327 56
June 1, 1868,	2,510,245,886 74

An increase in one month of nine million, seven hundred and seventeen thousand, fifty-nine dollars and eighteen cents.

PUBLIC DEBT.

August 1, 1868,	$2,523,534,480 37
September 1, 1868,	2,535,614,313 03

An increase in one month of twelve million, seventy-nine thousand, eight hundred and thirty-two dollars and sixty-six cents.

And yet we are told by the Radical press that the public debt has been decreased. As figures are supposed not to lie, and as no supposition of the kind is entertained in regard to the Radical press, we may safely leave, without comment, the question of veracity between the figures and the press, to be decided by the public.

* * *

Opinions of Statesmen.

"I SAY again, fellow citizens, remember the fate of Rome and vote for *no candidate* who will not tell you, with the frankness of an independent freeman, the principle upon which, if elected, he will administer your Government.

"*That man deserves to be a slave who would vote for a mum candidate when his liberties are at stake.—Andrew Jackson.*

"If my suffrage is asked for the highest civil officer of my country, the candidate, however illustrious and successful he may be, must present some other title than laurels however gloriously gathered on the blood-stained battle-field."—*Henry Clay.*

The last words of Harrison were these: "I wish you to understand the true principles of the government. I wish them carried out. I ask nothing more."

* * *

Is It Right?

Is it right to exempt $2,500,000 of the property of the country from taxation, when we are compelled to pay more than $120,000,000 in gold per annum, in interest? It is this debt and the exemption of the property of the rich from taxation, that is reducing the toiling millions of America to the slavery and vassalage of the poverty stricken masses of Europe.

It is a fraudulent contrivance of the bond-holders, of the privileged classes, to rob labor that monied monopolists may be enriched at the expense of the poor.

We put the question to every honest man—to every Christian—is it right?

* * *

PREVIOUS to the nomination of General Grant, the New York *Tribune* thus spoke of him as a man and a general:

General Grant we esteem by no means a great man, nor even a very great general. We want a statesman; we want Mr. Chief Justice Chase. The Republican party contains no purer, no worthier, no more gifted man. In what respect does General Grant surpass Mr. Chase? "Is he a better Republican?" we ask General Grant. No reply. If we want, then, to talk about horses and tobacco, we may find him the most valuable of men. *No one word upon the question that backs the heart of the country!* "Take me, if you will, as Ulysses S. Grant, General, and when I am President I shall do as I please." Perhaps we must take him, but we do not feel like cheering over it; certainly not so long as great statesmen remain in our ranks. "Give us Grant because we can elect him." Again that cowardly argument. Is there nothing in this great party but office hunger? Is the chief end of man the postoffice and revenue series? Are we willing to follow a doubtful leader into an uncertain battle for unknown principles?

* * *

How strange it is, that, gentlemen members of Religions denominations, and claiming not to be party men at that; are found among the enemies of Horatio Seymour, a most examplary christian man, and supporters of Grant, notorious for his bad habits, and disregard of religion. Can such people be sincere?

JOHN H. SURRATT has been discharged under the statute of limitations So this wretched business ends, after costing hundreds of thousands of dollars.

Webster Matched by a Woman.

IN the somewhat famous case of Mr. Bogdon's will, which was tried in the Supreme Court some years ago, Mr. Webster appeared as counsel for the appellant. Mrs. Greenough, wife of Rev. Wm. Greenough, late of Weston a tall, straight, queenly-looking woman, with a keen black eye—a woman of great self-possession and decision of character—was called to stand as a witness on the opposite side. Mr. Webster at a glance had the sagacity to forsee that her testimony, if it contained anything of importance, would have great weight with the court and jury. He therefore resolved if possible to break her up. And when she answered to the first question put to her, "I believe," Mr. Webster roared out:

"We don't want to hear what you believe; We want to hear what you know,"

Mrs. Greenough replied: "That's just what I was about to say, sir," and proceeded with her testimony. And, notwithstanding his repeated efforts to disconcert her, she pursued the even tenor of her way till Webster, quite fearful of the result, arose, apparently in great agitation, and drawing out his large snuff-box, thrust his finger to the very bottom, and carrying the deep pinch to both nostrils, drew it up with a gusto; and then extracting from his pocket a very large handkerchief, which flowed nearly to his feet as he brought it to the front, he blew his nose with a report that rang distinct and loud through the hall.

Webster—"Mrs. Greenough, was Mrs. Bogden a neat woman?"

Mrs. G.—"I cannot give you very full information as to that, sir; she had one very dirty trick."

Webster—"What was that, ma'am?

Mrs. G.—"She took snuff."

The roar in the court house was such that the defender of the Constitution subsided, and neither rose nor spoke again till Mrs. Greenough had vacated her chair for another witness, having time to reflect on the inglorious history of the man who had a stone thrown on his head.

Anecdote of Judge Black.

MR. BLACK, writes the New York correspondent of the Gazette, is not more celebrated for his astuteness, ability and constitutional learning than for a certain simplicity of character and absent-mindedness regarding every-day affairs. He can scarcely be trusted to perform the most ordinary duties of common-life, and his excellent wife in some particulars, takes charge of him as if he were a child. On one occasion he had to go to Pittsburg to take part in an important law case. His wife prepared him for the journey, packed his portmanteau, placing therin six clean shirts, and charging him to be sure to put one on every morning. Upon his return the portmanteau was unpacked, but no shirts were to be found. Mrs. Black hurried to her liege lord for an explanation, but her liege lord could give none. He was certain he had put on a clean shirt every day, but could recollect nothing about the soiled ones. But that night, when undressing, the mystery was explained. The astute lawyer had indeed complied with his wife's directions, but on puting on a clean shirt every morning had forgotten to remove the soiled one. The entire six missing shirts were on his back

A SNAKE IN A WATERMELON.—A boy named Cofter, who sells papers occasionally for the sake of making a few dimes, yesterday invested fifteen cents of his earnings in a watermelon, on Deaderick street. He took it over to a stand in the market-house, and, in company with a "chum," proceeded to have a luxuriant feast. A large jack knife, which Cofter had purchased about two weeks ago with his savings, was brought into active operation. The melon was cut in two; but horror! inside in one-half of the melon was a young snake, yellow as a leak and about nine inches long. The half in which he had his habitation was nearly all hollow. The younge snake darted his forked tounge fiercely and aimlessly about five or six times, the first dart he made hitting the forefinger of young Cofter, who immediately ran off to the drug store on the corner of Cherry and Cedar streets, but finding no doctor he hurried up Cedar street still farther.

We learned afteawards that the physician cut off the first joint of the bitten finger, and sent the boy back home in a hack, telling him it would be all right. The little snake was caught and put into a fruit jar by Whitesides a butcher's assistant, who lives out in Germantown. It is a most extraordinary lusus nature, and it seems impossible to account for how the snake could have got into the heart of a large and apparently sound melon. The part in which it was found was thrown violently against a post by Cofter, and was bruised and broken in such a way, it was impossible to ascertain whether there were any holes or damaged spots on the rind.--The case is decided unusual.—*Nashville Times.*

* * *

DURING the war, a soldier, who was residing for a few days in Philadelphia to spend an extensive bounty, became slightly intoxicated with his task, and while perambulating the streets of the Quaker City, fell in with a crowd of colored people on their way to church, and as they arrived at the meeting house he went in with the rest, supposing it to be a theater, or some place af amusement. After waiting some time for the curtain to rise, the minister appeared and proceeded as follows:

"My bruddering, in dat last great day when de trump ob de Lord shall blow, and de sheep shall go to de right and de goats to de left, who wants to be de goat?"

After a short pause he said again, raising his voice, "I say, who'll be de goat?"

The soldier supposing the performance delayed for a person to represent a goat in some play exclaimed:

"Look here, old fellow, rather than to have this thing play out, I'll be goat!"

Clubs should be formed at every Post Office.

A Word to Republicans.

IT is always a matter of regret, that as a rule, the opposition to the Democratic party, rarely, if ever, take up and read arguments on our side. That is especially unfortunate now, when it is manifest enough, that there is a studied effort to conceal the truth, by their own party papers and speakers. It would be a reflection upon the intelligence (and they are apt to boast of that) of members of the Republican party, to doubt their ability to discover at once, that the Radicals must be driven from power, if we wish to preserve the country from total ruin. Twenty; aye, ten years ago, one hundredth part of the outrages against the country, committed by the party in power, would have been sufficient to rouse such a tempest of indignation as to crush out any party guilty of it.

Have our people become so thoroughly demoralized under Radical rule, as to be utterly indifferent to the conduct of their servants in office? Has the love of party become so strong among the Republicans, that they will look on and see the country go to wreck, rather than vote with the Democrats? Surely, these are times that require more than ordinary thoughtfulnes, among those who take an interest in the welfare of the country, and it is not only for the sake of party success, that we call upon Republiaans to vote with the great old party, whose genial rule was so long our glory.

Worthy of Note.

EVERY member of Lincoln's first Cabinet, with the single exception of Simon Cameron, whom he was obliged to turn out on account of dishonesty, is now supporting SEYMOUR & BLAIR. Of the five Judges of the Supreme Court Lincoln appointed, among them Davis, his executor, probably but one may be regarded as favoring the Radicals. Certainly the Radicals don't trust them, since they decided military trials of civilians, unconstitutional, and the Rump Congress has therefore taken the power to decide on the constitutionality of the so-called reconstruction laws, away from the Supreme Court.

Mr. Clark is clearly right when he alleges that the Radicals don't hold the principles of the Republican party, as originally founded; and there could be no better evidence of that, than the conduct of the leading Republicans referred to.

Very few, if any of the leading Radicals have any claim to ability or character—they are chiefly of such as were driven out or discarded for dishonesty, by the Democrats, like Cameron, Forney, Butler and others. How any of the Whigs, the friends and followers of Henry Clay and Daniel Webster, can stoop so low as to follow the wake of such leaders, is a mystery to us.

Are the Poor Taxed?

"THE poor are the very men who pay taxes, and onorous taxes at that; for theirs is a tax upon existence. They pay not according to their possessions, but according to their consumptions. The poor man's taxables are composed of his big family. He is taxed twenty five cents in gold for every pound of tea, five cents in gold on every pound of coffee. He also pays on sugar, clothes and other articles of that character, on medicines, and indeed on all he eats, drinks and wears. Why, if the indirect taxes we pay, were called for by a tax gatherer, they would not long be endured. We should have open resistence from one end of the land to the other."—*Gov. Bigler.*

THE SPIRIT.—At a meeting of the "trooly loil "at Mowellville, Ohio, a few evenings ago, one of the chiefs proposed three cheers for the bondholders. Workingmen, take notice.

Campaignings.

ON Monday Sept., 28th, Col. Freeze upon invitation from the Committee; joined several other gentlemen in a campaign in the counties of Tioga and Potter. The company consisted of Col. L. A. Mackey, Democratic candidate for Congress in that district. Gov. Pillsbury, of Maine, Hon, D. A. Ogden of Pen-Yan, Hon. E. K. Apgar of Ithica, Hon. G. O. Deise of Lock Haven, Judge Maynard of Lycoming, Judge Macomber of Buffalo, Col. J. G. Freeze of Bloomsburg.

From Williamsport we took the cars to Elmira, thence to Corning, thence in a special train furnished by George Magee, Esq., a glorious Democrat, to the village of Lawrenceville in Tioga county,. There Hon. D. A. Ogden, Col. J. G. Freeze and Hon. G. O. Deise addressed a large and enthusiastic meeting; having first challenged the Radical speakers who were to hold an evening meeting, to an open discussion, which they declined.

Thence the same night to Tioga Village eight miles where Mr. Mackey, Judge Maynard and Gov. Pillsbury addressed a large meeting. Many not being able get into the hall; Hon. Mr. Deise addressed the assemblage afterward in the open air. Both here and at Lawrenceville, Brass Bands were in attendance, much enthusiasm manifested.

Hon. A. C. Bush entertained us handsomely and the Band having tendered a serenade, Hon. E. K. Apgar, made a very happy address.

Thence dividing our forces Judge Maynard, Mr. Deise and Col. Freeze, went sixteen miles to Elkland, where they addressed a meeting. Having been challanged by the Rads. to meet Horace Greely, who was at Woodhull, but Horace did not put in an appearance.

Thence Deise and Freeze went to Westfield, twelve miles and held a meeting. Thence Freeze proceeded to Brookfield and held a meeting. Thence to Louisville, Potter county, where we met Judge Macomber and F. Knox, Esq., and many other excellent fellows.

There the largest meeting assembled on Saturday, Oct., 3d, ever held in Potter county. It was convened afternoon and evening, and addressed by Macomber and Deise, in the afternoon, and by Freeze and Deise in the evening. In procession was a six horse team conveying thirty-seven young ladies representing the States, preceeded by a Brass Band and followed by one of the finest processions we have ever seen. North and South, East and West moved arm in arm to the grounds. The day was lovely, the girls beautiful, the display grand and the meeting a complete success.

Thence fifty miles to Emporium on the P. & E. road, and thence about one hundred and fifty miles to Bloomsburg. The trip was in many respects delightful, and worthy of a more extended and particular notice than our space allows.

Save Your Country.

EVERY Democrat, every Converva-tive in the State, will vote to save his country on the 13th of October.

If there are any just, liberal-minded, patriotic Republicans who wish to do so, and want to know how, we will tell them:

Vote for Charles E. Boyle for Auditor General.

Vote for Gen. Wellington H. Ent for Surveyor General.

Vote for Democratic Congressmen and members of the Legislature.

In that way, and only in that way, can you save your country.

If the Radicals succeed;

If Hartraft and Campbell, a Radical Congress and Legislature should be elected;

Good-by to peace, to prosperity, to liberty.

We shall all be involved in common ruin; and this Great Republic, once the pride and glory of the world; won by the blood of the revolution, and presided over by Washington, will cease to exist, and other nations, struggling for liberty, will be set back centuries.

Think of this, good men of all parties. Think of it and vote against a calamity.

JOHN A. FUNSTON,
Chairman Dem. Co., Com.
Bloomsburg, Sept., 15,'68.

NOT one of the speeches published by the Radical organs, as made by leading men in the South, are true. They are all forgeries, and have again and again been pronounced so by the parties charged with making them.

Pray that You May be Forgiven.

YOU people of the Republican party, you silk stocking gentry, who, with sanctimonious face, and giltedge prayer book in hand, wend, on the Sabbath, your solemn way to church, and there advertise your Christian faith; when you enter God's house, confess your unworthiness, and raise your voices in supplication for the forgiveness of your many sins and transgressions!

Pray that you may be forgiven. Oh! you who will not forgive your Southern white brethern!! pray for peace! Oh, you who foment riots and blood shed in the South!! pray for an honest admination of the public treasury! Oh, you who have appointed to office hordes of plunderers, who rob at every turn, and on all occasions, pay for the speedy payment of the National debt! Oh, you who every month, pile additional millions upon the obligations of the nation! pray that the public lands may, for generations to come, prove a refuge and a home to the hard working laborers of the nation! Oh you who have squandered upon greedy monopolists millions upon millions of acres of the poor man's inheritance!! pray that the Constitution, adopted by your heroic ancestors, may endure for ages! You who in violation of your oaths, have trampled it under foot and torn it to shreds! pray for the endurance of the Union for which torrents of blood have been spilled, and which, during the last three years, you have done your best to destroy!!

But, above all, pray that you may be forgiven the wide spread demoralization which your example and your doctrines have entailed upon our people. Pray to God that he may turn the hearts of your teachers, and inspire them to preach the sublime morality taught by our blessed Saviour; that spirit of forgiveness which is the very essence of Christianity; that charity which knoweth no evil; and to abandon to demagogues and professional politicians the sensational harangues, wrongly called sermons, which for some years past, have disgraced our pulpits and supplanted the sound doctrines of Christian faith. Pray that your understandings may be enlightened, and that you may realize the fact that the political support, in and out of Congress, of drunkards, plunderers, homicides and notorious scoundrels, is inconsistent with private piety, morality and respectability. Pray that the all-absorbing love of "*the almighty dollar*" may not blind your eyes nor harden your hearts to the wholesome truths contained in Scripture, and taught, or pretended to be taught, in all your churches.

You cannot serve God and Mammon! You cannot consistently and righteously support a party stained by almost every crime, traitors to and plunderers of their country, as are the Radicals. Make your choice wisely and in time.

"Don't Trust the Look of Things."

No, do not, fellow Democrats and Conservatives, "trust the look of things." Every thing looks bright, shining, glorious! But don't trust to looks.

No man ever obtained salvation, or fortune, or anything else of value, without, in some way, working for it.

Don't "trust to luck," to chance, or fate.

To save the country from utter ruin, we must elect Seymour and Blair.

And to do this we must elect the Democratic State ticket on the 13th of October.

As Pennsylvania goes this year, on the 13th of October, so will go the November election.

The election of Boyle and Ent will secure the election of Seymour and Blair.

Put your shoulders to the wheel at once. Go to work, every man of you that loves his country. Work in confidence, but work with energy, and you will win.

HOW THE SOLDIERS VOTE.—One of the trains which left here for the West, on Tuesday, contained a large number of soldiers, recruited for the Seventh cavalry, now operating against the Indians. A proposition to take a vote on the Presidential question was promptly responded to by the soldiers, and the following resnlt announced:

Seymour & Blair,	126
Grant & Colfax,	28
Majority for Seymour,	98

This is only one of the numerous instances, where votes, taken by the *real* "boys in Blue," show them to be very largely in favor of Seymour and Blair and a white man's government. They will vote in October and November, as they fought during the late rebellion, for the preservation of the Union and the maintenance of the Constitution. —*Harrisburg Paper.*

WHAT has Surveyor General Campbell done for the State to claim election at the hands of the people?

Cost more money and paid less, by thousands, into the Treasury than his predecessor.

In his best year Mr. Barr paid into the Treasury $91,000. In his best year, Mr. Campbell over $20,000.

During his term Gen. Campbell has cost between thirty and forty thousand dollars more than Mr. Barr.

What do the interests of the State demand, a Democrat or a Radical?

JOE BROWN, of Georgia, who called upon his rebel brethren to "fill hell full "enough of Federal soldiers to make "their feet stick out through the bars," and who originated the Andersonville prison pen in which Union soldiers were starved to death, is now a pet of the Radicals, and is stumping his State for Grant and Colfax. Having turned Radical he is considered a worthy patriot, and should be imported here to cheer up the desponding spirit of "the old woman in Broad street."

WHAT have the Radicals done? Have they filled or depleted the Treasury? They talk of "patriotism" of "loyalty" How have they exhibited either? By plundering the treasury, by bankrupting the government, by violating the Constitution, by every other act that could designate them as enemies of their country. What Have they done?

Democrats and Conservatives, answer at the polls.

EVERY workingman is taxed to help pay three hundred and sixty-six thousand dollars a day to support a standing army in time of peace. What use is made of the army? To force negro rule upon white men in the South, preparatory to adopting the same policy in the North. Was there ever a people thus insulted and outraged by a political faction?

Democrats be on your Guard!!

THE Leaguers are practicing fraud and deception. After the manner of the Know Northings, they are swearing in such Democrats as are corrupt enough to be bought. They are using money lavishly. Positive information has just came to our knowledge of there trying to buy Democrats in various instances, in different townships of this County. The extra-judicial oaths administered by the Leaguers, are not binding. Let not the tricks of the Radicals get the people into their power. Laboring men are especially interested. Be on the ground in large numbers when the polls open, and remain at the window until every doubtful voter has voted, and voted right. This attempt at bribery and fraud can never succeed, if Democrats, have intrepidity enough to stand up for their country's dearest rights. Democrats, there is nothing that pays like work. At the election, give the labor of an entire day to your country, and it will save you in the shape of taxation the price of thousands.

THE NEGROES, under Radical tuition, are becoming fearfully demoralized in the Southern States—the papers are filled with accounts of murders, and nameless outrages committed upon women and children, by brutal Africans. The institution of slavery may have been an evil, but, who does not see, that idleness is a greater. Such crimes as we now hear of, by every mail, were of rare occurrence before the South was over run by Carpet baggers, and other Radical thieves. How long must the Country be kept in turmoil, and excitement, only that a set of knaves may grow rich out of the taxes.

ANOTHER CAR VOTE.—WE learn from reliable authority that, on Thursday last, on the mail train running west from Harrisburg, a vote was taken which resulted as follows: Seymour and Blair, on three cars, 50—Grant and Colfax 50. Our informant concluds, "our prospects seem to be brightening every day: God speed the good work."

Thus every day we have accounts from all directions of the most cheering character. With our correspondent we most fervently exclaim,

"God speed the good work."—*Patriot.*

THE Lousianna Legislature has turned out a white man who was legally elected and filled his place with a negro. The blacks are not ignorant, it seems, of the method adopted by a Radical Congress, and are increasing their majorities in the same way.

SPECIAL NOTICES.

THOSE irreverent lads who called names after a certain "bald head" of old, deserved their untimely end, because at that time no panacea had been discovered to restore the human hair upon the bald spots. But now Ring's Vegetable Ambrosia is known to possess the rare merit of invigorating the roots and filling them so full of life, where not entirely dead, that they cannot help putting forth a new growth which rivals in beauty the locks of youth.

The great amount of time consumed by the ladies in dressing and arranging their hair must make any article which would lessen their labor particularly desirable. Ring's Vegetable Ambrosia leaves the hair in such condition as to render the dressing and arranging a very easy matter. It imparts to it that splendid glossy appearance so much admired, cleanses the scalp from dandruff and all humors, and prevents baldness; promotes its growth and restores gray hair to its original color. ADDRESS TO THE NERVOUS AND DEBILITATED, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable. If you are suffering, or have suffered, from involuntary dischrges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce a palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or flocky, or is it ropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, moping, tired of company of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any other meanness about them. I do not mean those who keep the orgrns inflated by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly-cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affection, suicide and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. Helmbold's Fluid Extract Buchu is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 18 years, prepared by H. T. Helmbold, Druggist, 594 New York, and 104 South 10th Street, Philadelphia, Pa. Price—$1.25 per bottle, or 6 bottles for $6.50, delivered to any address. Sold by all Druggists everywhere.

None are genuine unless done up in steel-engraved wrapped, with fac-simile of my Chemical Warehouse, and signed H. T. HELMBOLD.

NOTICE IN BANKRUPTCY.

This is to give notice: that on the 14th day of August, A. D. 1868, a warrant in Bankruptcy was issued against the estate of Levi Kutz of the Borough of Berwick, in the county of Columbia, and State of Pennsylvania, who has been adjudged a Bankrupt on his own petition; that the payment of any debts and delivery of any property belonging to such Bankrupt, to him, or for his use, and the transfer of any property by him are forbidden by law; that a meeting of the Creditors of the said Bankrupt, to prove their debts, and to choose one or more assignees of his estate, will be held at a Court of Bankruptcy, to be holden at the Exchange Hotel, in Bloomsburg, Columbia county, Pennsylvania, before Edward Overton, Jr., Register, on the 23rd day of September, A. The Columbian.

BLOOMSBURG, FRIDAY, OCT. 9, 1868.

Robert F. Clark, Esq.,

is advertised to speak in Bloomsburg, on next Monday night. The meeting will be held in the Court House. Amongst other topics which will be discussed, the tariff question will come in for its share. Miners and others interested in a tariff are invited to be present.

ATTEND TO THE PAYMENT OF TAXES.—See that no Democratic vote is lost by reason of the non-payment of taxes.

NATURALIZATION.—See that no Democratic vote is lost on that account. This is in some of the townships in this county of the utmost importance.

TICKETS.—Tickets for Bloom, Madison, Fishingcreek, Sugarloaf, Jackson, Pine, Mt. Pleasant, and Greenwood, are to be had at the office of THE COLUMBIAN.

THE Democratic meeting at Evansville on the evening of the 30th ult., was addressed by M. M. Traugh and C. W. Miller, Esq. The meeting was well attended.

REMEMBER—the day of Election—Tuesday October the 13th---Stay at home, vote the Democratic ticket, and have a share in the glory that results from our success.

THE Methodist Episcopal Society of Buckhorn intend having a table on the Fair Grounds during the three days of Fair. The proceeds to be used toward erecting a new church at that place.

WE call attention to the advertisement of the St. Louis and Iron Mountain bonds. They are pronounced to be among the very best secured and cheapest bonds offered.

PROF. H. CARVER, of the Bloomsburg Literary Institute, will deliver an Agricultural address on the Fair ground next Thursday between the hours of 1 and 2 o'clock P. M.,

WE are requested to announce that the Baptist congregation of this place will have a table at the coming Fair, and will be able to feed all comers at moderate rates.

GEN. GEO. B. M'CLELLAN arrived in New York, from Europe, on Tuesday of last week. We hope that he will at once take the stump for Seymour and Blair. His name alone will do us immense good.

EXAMINE.—A full sized Gate (Talbot's patent) will be on the Fair Ground on exhibition next week, when farmers will have a chance to examine for themselves the universally acknowledged Gate for Farm or Railroad use. Don't fail to see it.

NEWS TO POORMEN.—A Republican Congress has made a law that any man having an income less than $1,000 is exempt from taxes.—*State Guard.*

This is news to the poor men. But the trouble is to get them to believe it. The annual and semi-annual visits of tax collectors is a knock down argument against its truth.

HOW TO STOP A PAPER.—If you want to stop taking a paper, don't write "refused" on the margin and send it back, but step up to the office and settle like a man, and then tell the publisher to strike your name from the list You have a right to stop at any time, but you must first pay what you owe. That's the manly and the honest way to do it.

ADVERTISING has created many a new business; has enlarged many an old business; has revived many a dull business; has rescued many a lost business; has saved many a failing business; has preserved many a failing busiess; has preserved many a large business, and insures success in any business.

BOATMEN work hard for their money, and are not friendly to Radical policy, which exacts a large portion of their earnings for the purpose of supporting idle negroes in the South. Nor do they like the idea of paying twenty five cents on each pound of tea they use, and five cents on coffee, four cents on sugar—three cents for a box of matches, formerly costing one, and they almost unanimously, go for SEYMOUR & BLAIR. Our friends must be careful that Democratic boatmen do not thoughtlessly go away on a trip, and thus lose their votes—Don't lose a vote, see that every man is at his post on Tuesday October 13th.

THE DUTY OF ELECTION OFFICERS.—Very great interest will be felt by all parties in getting in the news of the October election. All the telegraph offices will be kept open all night to receive and forward returns free of charge. Election officers should make it their business to see the vote on Auditor General and Congressman gets to the nearest telegraph office as early as possible on election night. We have taken it on ourselves to forward situable blanks to to every poll in this district. If election officers will not take interest enough to forward returns, some active politician, of one party or the other should do it. It is a matter of public interest and benefit altogether aside from party.

We agree with the Scranton *Republican*, that if every newspaper in the State would print a notice similar to the above from this time until Election Day the returns would be got in more fully on election night this fall than ever before.—*Gazette.*

WE have been asked to extend a genral invitation to the Farmers and Mechanichs of Columbia and the surrounding counties to attend the Fair, next week, and to bring with them such articles of their own growth or manufacture as will interest the public and illustrate the improvements that are going on in the several branches of American Interest.

The premium list for this Exhibition is larger than ever before offered, either in this or adjoining counties, and the prizes mentioned therein are opened for the competition of all who choose to attend under the regulations of the Society. Come then from far and near, bring with you, your productions of taste, skill, and improvement, of every kind to swell the general display, or if you have nothing to exhibit come and see what others can produce and thus make the Exhibition more interesting and attractive. The refining and cheering influence, occasioned by the presence of the ladies is earnestly solicited.

THE national debt is growing larger every day. It will continue to grow, as long as Radicalism controls the legislation of the country. White men, pay your taxes!

izens in and near Millville at that place on Monday evening, and were addressed by Robert F. Clark Esq., in one of his ablest and most convincing speeches. The audience was large, unusually so, and his speech was received with marked satisfaction and applause. The meeting was a success, and will tell in the vote on next Tuesday. Work is the order of that day.

Col. Freeze and R. F. Clark Esq., addressed the meeting at some length. Columbia county is aroused, and her Democracy will labor earnestly.

CLOTHES BY MACHINERY.

The undersigned would respectfully call the attention of the public to his new and approved method of making clothes by a system based upon mathematical principles, which renders it impossible to be otherwise than perfectly accurate.

He claims for this method the following advantages.

FIRST.

Perfect accuracy.

SECOND.

A saving of two thirds of the time usually taken to cut out the cloth.

THIRD.

Ability to measure any figure so as to insure a good fit.

FOURTH.

That it does away with the necessity of being measured more than once, as often is the case from the misapprehension or mistake of the measurer.

He would urge the public to give it a trial, as he is satisfied that it will give perfect satisfaction. He will be happy to exhibit and explain its working at any time to visitors.

Management of the Poultry-Yard.

A GOOD deal of experience has taught us that success in the poultry-yard depends as much upon good general management as upon any other one thing. When the eggs of any hens indifferently are kept for the purpose of raising young chickens, and when little attention is paid to the particular hens reserved for laying, it will in general be found that the profits are small, and the quality of fowls raised rapidly deteriorates.

In addition to the usual plan of selecting only the best formed and quickest hens for breeding purposes, we have found it of advantage to pay considerable attention to the *age* of the fowls which we retain. For the production of eggs for domestic consumption we never keep hens beyond their second year, but for raising chickens we have found it to be poor policy to employ eggs laid by hens of less than two years old. We always found that the chickens from the older hens are more easily raised, have stronger constitutions, and turn every way better than those raised from eggs laid by very young pullets. At the same time such old hens do not lay as many eggs. The eggs consequently cost more, but this extra expense is but a small item on the number of eggs usually employed for hatching.

In order to have eggs during winter, besides the usual appliances of meat, lime, sand, bones, &c., we always make sure of having early chichens. The pullets of these will commence to lay in October or November, and will throughout the winter. Next season we draft a part of the very best of these and keep them as breeders, the balance being fattened and killed off as soon as they have positively ceased laying. At this time it is wonderful how rapidly hens take on fat. We often see accounts of hens not laying because they are too fat. When considering the case with hens fatten as soon as they cease laying for the season, we have often thought, that the true way to state the case is they are fattened because they did not lay. At this age they are delightfully tender and juicy, and we would about as soon think of fattening a cow that gave twenty quarts of milk a day as to think of fattening a laying hen.

Arrange to Sow More Clover.

THE value of red clover as a renovator of the soil is not generally appreciated. It makes excellent hay, and when consumed makes a manure very rich in nitrogen. A ton of good clover hay contains about 50 pounds of nitrogen, probably not more than one-tenth of which is lost in passing through animals. It is worth as manure three or four times as much as that which we commonly cart from the yard in the spring. The crop is of very great value for pasture or to turn in as a green crop. The usages of good farmers differ somewhat in the treatment of clover. Some turn in the crop when full grown in June. Others pasture it the first season, and turn in what is left for wheat. Others let it stand without pasturing, and turn it under for wheat. Others take off two crops, and turn it under the second season. The most intelligent farmers are now favoring the practice of cutting and pastu ring through one season, believing that the soil improves more by the growth of the roots. It is a very strong rooted plant and penetrates the soil to a great depth. The mechanical condition of the soil is very much improved by the decay of these long tap roots. However used, it cannot fail to benefit the soil if the manure that is made from the plant is carefully saved and returned to the fields where it grew. Clover ought to have a place in every rotation. The farmers of the interior and of the South have the means in this plant of restoring the fertility of their wheat fields, and securing as large crops as the virgin soil yielded. Arrange to sow more clover.—*American Agriculturist.*

Pasturing New Seeded Fields.

THERE are some cases where it will do to pasture new seeding. With a good growing season, when the clover and grass is up so that some is cut by the reaper, and there is a vigorous growth after harvest, there is no harm in pasturing moderately. Then considerable may be had without injuring subsequent crops. Indeed I have seen new clover injured by getting too forward the first fall. The crops was never good afterwards. If the clover had been fed off, there is little doubt that the crop would have been heavy the next season. But such cases rarely occur. It is only when clover very generally comes into blossom that it may be injured in this way. Vastly more is injured by feeding down too close. In dry seasons like this, when it is none too well seeded and the young clover and grass has made but a small growth at the best, it is a losing practice to pasture new seeding. The young plants need all of their life and vigor to stand the heat drouth, and to make a sufficient growth; while they need all the growth and strength of root that can be secured to stand the winter and spring, and make a good crop the next season. The root will be in proportion to the top. When fed off, there is much less growth of root—the efforts of the plant being directed to secure a proper proportion of leaves, on which the general growth of the whole plant so largely depends. If these leaves are closely fed off during the fall, little gain in size and strength of plant is secured. Then the root has but little hold on the soil, and in freezing and thawing weather is easily thrown out. There is a good deal lost in this way. The small growth affords but little pasture at the best, while succeeding crops are often seriously injured. Many dollars are thus lost for every dollar's worth of feed obtained. Few are aware or stop to consider how much is lost in this way. With a good seeding, and fine growth afther harvest, considerable pasture is secured without any apparant injury to succeeding crops. So they expect to feed off all stubbles, and the next season if the crop is light, it is attributed to some other cause, or there is much wonder and surprise that it is no better. Frequent cases of this kind have come under my observation, and repeated trials have shown that a small growth, when not fed off the first fall, will give a much better crop the next year.

BE on the lookout, for frauds of all kinds—the Radicals are alarmed at the uprising of the People, and their only hope of holding power, is by the use of the money they have stolen from the Government, since they have had the control.

A SKETCH FOR MOTHERS.

BY M. O. J.

[From Arthur's Home Magazine.]

OH! isn't it beautiful? Just like a real' live baby. Just what I wanted, papa. How did you know?" and Carrie danced about the room in a perfect tumult of delight. "There see her go to sleep, when I lay her down—and now watch, papa, mamma—see her eyes open when I lift her up. Papa how good you are!" And she danced up to him and threw her arms around his neck. "It's the happiest birthday I've ever had! I'm going to name her Lilly—she's such a pretty, dainty, dear little dolly. Won't you dress her to-day, mamma, please?"

"To-day? I guess you can wait a little. I don't see how I'm going to do it to-day. It's a good deal of work, Carrie, to dress prettily."

A shadow of disappointment crossed the child's brow, but she bravely resolved to be patient, and enjoy her birthday gift as well as she could. So she went for her other dollies, and was soon busy trying to dress Lily in some of their clothes for the time. She did not look very well, to be sure, but Carrie "played" they were all right; and her thoughts were full of the nice things that were to be.

"Mamma, you'll make a white dress, won't you? It's a baby-doll, you see. And, oh! mamma, *will* you make a pink one, too? Let me see—I *should* like a long white dress, real baby-clothes you know; but I guess I could play better if she was a year old, or two years. I guess I'll have her dresses short. And can she have a flannel skirt, with a little mite of worked edge—just a little, tiny bit of work, mamma—that won't take long—a scallop or a chain-stitch?"

"Yes, yes," said the mother, and went on braiding a sacque for Carrie herself, which would not give her half the pleasure that her doll's dress would.

"And may I have a little bit of this pink cashmere for a shawl, mamma?" asked Carrie, taking up a clipping from the work-basket.

"I'll make it into a sacque for dolly," replied Mrs. Limes, "and knit a hood with a pink border to match, if you'll only wait till I have time."

"Oh! mamma, splended!" exclaimed Carrie, springing up, and nearly letting Lily fall in her eagerners. And when her father came home, she had a great deal to tell him of the beautiful things her baby was to have.

The next day, and the next, she watched eagerly for her mother to begin Lily's outfit; but the braiding pattern was far from simple, and a week passed before it was finished. Carrie said nothing; but when she saw another piece of work taken out, that she knew was not needed immediately, she was really grieved.

"Mamma," she asked, "have you forgotten Lily?"

"No, no, child; I'll dress her by-and-by."

That afternoon, a lady called, and in the course of conversation, she inquired—"Have you read 'Hospital Life in the Army of the Potomac?'"

Mrs. Limes had not.

"I have just finished it," returned her friend, "and will lend it to you, if you wish."

Poor Carrie! The book came, and her doll's wardrobe was again deferred. Once her father spoke of it—"Isn't that baby dressed yet?" he asked, with some surprise, as he saw her playing with it.

"Mamma is going to dress her as soon as she's finished a book Mrs. Jameson lent her," Carrie answered.

He said no more, though she thought he looked rather serious.

The last page was read, and the little girl sent to return the volume. She went with a light heart and springing step, thinking that Lily would certainly be dressed soon. But when she came home there was Dolly just as she had left her, and no materials for dresses were in sight.

"I'm tired now, child, don't tease—I'll do it by-and-by."

Carrie went up stairs, and if she had a cry, mama did not know it.

Carrie's new sacque was still neatly folded in the drawer, for the weather had not been warm enough to wear it.

Her doll lay in the work-basket, with a half-made dress beside her; while Carrie heeself was tossinz on her bed, in the delirium of scarlet fever. Her mother was with her night and day, nursing her with tenderest care. All that father, mother, physician, and friends could do was done; but the fever raged on, and the doctor grew more grave and silent every day.

The mother's heart was heavy enough; but it throbbed with keener pain when Carrie said again and again—"Lily is going to have such a pretty dress, papa! Mama said she would make it today."

She talked about her books—of going to ride—and other things; but always came back to Lily and the new clothes. Mrs. Limes resolved, amid her fast-falling tears, that her child's first day of convalescence should be gladdened by a broad fulfilment of her promise. But that day came not!

Ere long, the pleading voice was hushed, the blue eyes closed, and the small, waxen hands folded quietly above the stilled heart. In snowy raiment, rose-buds clustering all about her, Carrie was laid away to sleep; but written on the little casket was a word for the mother'r eyes, that none other could read-by-and-by!

Even through this sorrow, her soul came up into the sunlight. She lived a more earnest life, as she learned its juster estimate; looking forward to that by-and-by wherein the pain and grief, even the mistakes and shortcomings, of earth, shall all be overswept by the Mighty waves of an eternal love. Other children made the home happy again; and in all after-time, their mother remembered, as a talisman and watchword, By-and-by!

DRUGS & MEDICINES.

HOOFLAND'S

GERMAN BITTERS.

HOOFLAND'S GERMAN BITTERS,

AND

Hoofland's German Tonic.

Prepared by Dr. C. M. Jackson,

PHILADELPHIA, PA.

The Great Remedies

FOR ALL DISEASES OF THE

LIVER, STOMACH, or

DIGESTIVE ORGANS.

Hoofland's German Bitters

Is compounded of the pure juices, (or as they are medicinally termed, *Extracts*) of Roots, Herbs and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*

Hoofland's German Tonic,

Is a combination of all the ingredients of the Bitters, with the purest quality of Santa Cruz Rum, Orange, etc., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

In cases of nervous depression, when some alcoholic stimulus is necessary,

Hoofland's German Tonic

should be used.

The Bitters or the Tonic are both equally good, and contain the same medicinal virtues.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The result of which is, that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and Great Depression of Spirits.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

RESULTING FROM ANY CAUSE WHATEVER; PROSTRATION OF THE SYSTEM, INDUCED BY SEVERE LABOR, HARDSHIPS, EXPOSURE, FEVERS, ETC.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole System, the Appetite is Strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

Persons Advanced in Life,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but a few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system.

"Yours truly,

"GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1866.

"I consider 'Hoofland's German Bitters' a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it.

"Yours, with respect,

"JAMES THOMPSON."

From Rev. Joseph H. Kennard, D.D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but, regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,

Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philadelphia.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic to all who are suffering from general debility or from diseases arising from derangement of the liver.

Yours truly,

E. D. FENDALL.

THE AMERICAN HAY KNIFE AND FORK.

—We the undersigned citizens of Columbia County witnessed the trial of hay forks on the farm of Mr. Pursel, in Hemlock Township, on Monday, May 7, 1868, between the American Hay Knife and Fork manufactured by SLIFER, WALLS, SHRINER & Co., of Lewisburg, Pa., and the Rundel's Patent Hay Hook. The American Fork lifted more hay in one draught than the Rundel in three. We are satisfied it will take as much hay into the mow as two good horses can draw. We also saw it cutting hay, and think it cannot be beat as a hay knife, and cheerfully recommend it as the best hay fork and knife we have ever seen.
